## Purpose, Policies and Procedures: UGA Graduate Student Pre-departure Credit Approval Form for Study Abroad

Completion of the *Pre-departure Credit Approval Form for Study Abroad* is an important part of a student's preparation for overseas study. This form is designed to:

- (a) outline the academic program that a student intends to pursue while abroad,
- (b) initiate a preliminary consultation and agreement with the student's major professor, graduate coordinator, and the dean of the Graduate School, who will indicate to the student if and how the credit will count in the student's particular degree program,
- (c) serve as an official indicator to the Student Financial Aid Office and the Banking and Trust Department that the student is on an overseas study program that has been approved by the University of Georgia, and
- (d) serve as an official indicator to other parties (e.g., insurance companies, lenders, etc.) that the student is enrolled in a UGA-approved program of overseas study.

### Important General Information:

- (a) *Final decisions* regarding the evaluation of the student's transfer credit and its applicability toward UGA degree requirements can be made only after the student returns from abroad and presents appropriate records and transcripts.
- (b) *The student must request* that the study abroad program coordinator or registrar of the overseas institution airmail OFFICIAL copies of his/her transcripts or grade reports to the Office of Graduate Admissions, The University of Georgia, Athens, GA 30602-7402. THIS IS THE STUDENT'S RESPONSIBILITY. If transcripts are not written in English, an OFFICIAL, written English translation must be provided. Students are responsible for obtaining official translations. Students may experience delays in the foreign institution's creation of the transcript, the mail may be slow, and it will take the Office of Graduate Admissions some time to evaluate and post transfer credit to a student's academic record.
- (c) *In order to receive credit*, courses taken overseas must not be duplicates of any courses that have already been completed at UGA or any other institution. Successful completion of overseas courses will help assure that the student will receive resident or transfer credit at the University of Georgia. It is the student's responsibility to register for overseas courses that are applicable toward his/her degree. Information concerning specific degree requirements may be obtained from The University of Georgia *Graduate Bulletin*, the student's major professor, graduate coordinator, and the dean of the Graduate School. Students may wish to communicate with their major professor and/or graduate coordinator while they are overseas through e-mail; ask your major professor about this option.
- (d) *The student should retain* all notes, exams, essays, syllabi, course descriptions, handouts, and other course materials. Students may be asked to provide these materials to determine course equivalencies, course credit, and time spent in courses. If necessary ship these materials home, if they do not fit in your luggage. Students should retain a copy of the *Pre-departure Credit Approval Form for Study Abroad*, all written verification from their major professor, graduate coordinator, and the dean of the Graduate School, and all other such records for their personal files.
- (e) *Transfer credit* may be allowed when recommended by the student's major professor, graduate coordinator, and the dean of the Graduate School. Such transfer of credit cannot exceed 6 semester hours for master's level students or 9 hours for doctoral candidates (*although greater amounts of credit may be negotiated for official UGA exchange programs*) and must fall within the time limit of the degree. No credit with grades below B may be transferred. Transfer grades are not used in calculating cumulative averages.

The processing of the final transfer credit also requires students to submit an additional Graduate School "Request for Transfer Credit" form, signed by department, which details the specific class equivalencies approved by the department. The form should be completed only after UGA receives the host university transcript. Form available online at:

[http://www.uga.edu/gradschool/forms&publications/currentstudent\\_forms.html](http://www.uga.edu/gradschool/forms&publications/currentstudent_forms.html)

- (f) *Full-time enrollment* for graduate students is 9 semester hours per term during the academic year, and 6 semester hours during the summer.
