

Mission

Actively support and advance the goals of the University of Georgia School of Law by providing exceptional knowledge services, resources and expertise.

Vision

To be the information source of first choice for the law school community.

Values

In support of our mission, we value:

Goals 2018-2019

Prepare

- Develop initiatives to enhance the legal technology skills of the law school community
- Collaborate with writing faculty to enhance research instruction
- Provide a program of legal research instruction to support a wide array of career options

Connect

- Redesign reference and research services to serve faculty, students, and staff more effectively
- Enhance facilities to foster research, collaboration, and intellectual curiosity

Lead

- Adopt new methods and priorities of library assessment
- Partner with law school departments by sharing research and technology expertise to support strategic initiatives
- Evaluate new opportunities to increase the impact of faculty scholarship
